Jeff,

These were my summary of general comments that I provided to GP on the last conference call we had with them. Take a look at them and lets discuss them in the context of the comments you submitted. I think the majority of these should be included, and some of them were indirectly included with your comments, you can point those out. There are a couple we could eliminate, but lets talk about them. Of course, if you think some of them are not appropriate lets discuss as well.

I would like to talk about these with you and I first. Then have a discussion with Frank and Patty if necessary. Once we agree upon our comments, we can discuss the MDEQ comments and what to include. I want to send a draft of our comments and MDEQs comment to GP by the end of the month.

Jim
